

## Mobile Auto Bin Lift For Collection From By-Lanes

- SALES
- HIRE
- LEASING
- RENTAL

**ENSOL**, the renowned name in Solid Waste Management System, now offers the all new, time and cost saving, low maintenance, **Rickshaw D.P. System**.

The **Rickshaw D.P. System** is custom made so as to snugly fit onto three wheel auto chassis, making it very useful for garbage collection, using standard waste bins as a part of relay system.

### SALIENT FEATURES :

The **Rickshaw D.P. System** consists of hydraulic container / bin lifting arrangement sturdily designed lifting arms. The 'Simple to operate' controls can be manned even by unskilled personnel. All these features combine to give larger volume garbage transportation, using the 'relay' system wherein the **Rickshaw D.P. System** puts in an empty container in place and take away the one which is full to the dumping area for unloading. Obstruction to traffic and pedestrian movement is also kept to the desired minimum.

**Rickshaw D.P. System** is custom made in capacities depending on gross vehicle weight (GVW) of three wheel auto chassis (suggested capacities .8 cum.)

### MAINTENANCE-NO PROBLEM!

Maintenance is virtually nil for these rugged machines, and at the time when they need to be serviced, our after sales service is just a phone call away.

### APPLICATIONS :

- ◆ For safe and hygienic collection, storage and transportation of garbage.
- ◆ For quick and efficient lifting, transportation and unloading.
- ◆ For Multi point 'pick up' application of system through standard waste containers.
- ◆ Suitable for handling both Solid and Liquid material.
- ◆ Continuous 'relay' system achieving large volume of garbage transfer.
- ◆ Suitable for primary/secondary waste collection from by-lanes using container 'relay' system.

### ADVANTAGES :

- ◆ Easy to operate as no special skill is required.
- ◆ Quick and efficient lifting, transportation and unloading.
- ◆ Popular system-low capital cost.
- ◆ Ideal for multiple point collection system with low operation cost.
- ◆ Very low maintenance cost.
- ◆ Modern equipment to increase dignity of labour.

# ENSOL™ AUTO REMOVER & SMALL TIPPER

## For Collection of Garbage From By-Lanes

- SALES
- HIRE
- LEASING
- RENTAL

**Auto Remover**

**ENSOL**, the renowned name in Solid Waste Management System, now offers the all new, time and cost saving, maintenance free, **Auto Remover & Small Tipper**.

The **Auto Remover & Small Tipper** is custom made so as to snugly fit onto three wheel auto chassis, making it very useful for garbage collection.

### SALIENT FEATURES :

The **Auto Remover & Small Tipper** consists of sturdily designed hydraulically operated tipping FRP/steel container (closed top or open top) permanently mounted on the rugged three wheel auto chassis.

1. Dumping :  
In container / Refuse collector or on ground.
2. Control :
  - ◆ Auto Remover  
Remote control operation enables only one operator for complete operation,
  - ◆ Small Tipper  
Through hand pump pulley (motorised)
3. Hydraulic System :  
Heavy duty working pressure equipped with robust gear system.
4. Container :  
0.8 cum. & 1.0 cum. (Approx.)

### MAINTENANCE-NO PROBLEM !

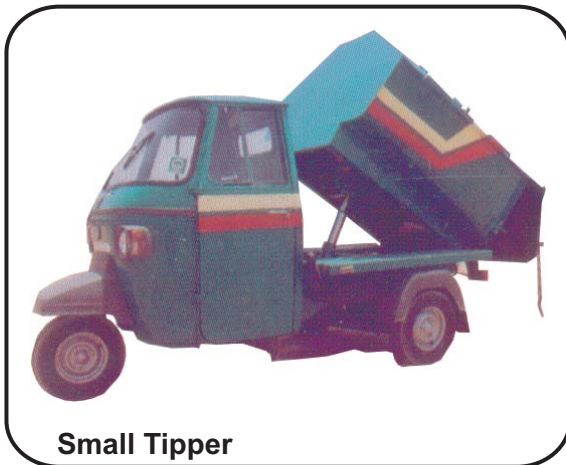

Maintenance is virtually nil for these rugged machines, and at the time when they need to be serviced, our after sales service is just a phone call away.

### APPLICATIONS :

- ◆ For safe and hygienic collection, storage of garbage.
- ◆ For quick and efficient collection from the individual dwelling.
- ◆ For quick transportation and unloading into bigger container.
- ◆ Suitable for handling both Solid and Liquid material.
- ◆ Suitable for "secondary" collection system from narrow by-lanes and individual dwellings.

### ADVANTAGES :

- ◆ Easy to operate as no special skill is required.
- ◆ Quick and efficient lifting, transportation and unloading.
- ◆ Popular system-low capital cost.
- ◆ Quick turnaround as garbage transferred to main collection container/point.
- ◆ Very low maintenance cost.
- ◆ Modern equipment to increase dignity of labour.

**Small Tipper**

## APPLICATIONS

Emptying directly in Container / Refuse Collector

Collection from Lanes / Societies
